

Controversies in Hernia Surgery

3rd International Conference

Wednesday 1st & Thursday 2nd March, 2017

Stoke-by-Nayland Hotel, Colchester, UK

After two very successful editions in 2015 and 2016 we expect the 3rd International Controversies in Hernia Surgery to be a meeting not to miss.

It is scheduled before the busy meeting season and as previously, has an international and national faculty of absolutely top quality. New developments in hernia surgery, management of chronic pain and emergency surgery are all featured and, new this year is a debate and a Complex Hernia MDT. Short papers and keynote lectures complete the line-up.

All sessions are plenary so you won't miss a thing!

Abstract deadline 1st December 2016
