M42 Course- Coloproctology for Junior Surgical Trainees

Application form

Part of the role of the Association of Coloproctology of GB and Ireland is ensuring adequate training of future colorectal surgeons. As part of this commitment, the Association runs a postgraduate course in colorectal surgery aimed at CTs, ST3/4, FTSTA and other Junior Surgical trainees. The course provides a detailed introduction to colorectal surgery, with emphasis on clinical aspects of the speciality. The format of the course includes lectures from recognised experts, interactive case presentations and a radiology session.

The course is held in the National Motorcycle Museum on the 25th-26th of October. A registration fee of **£150** is payable in advance. Refreshments and lunch on both days are included. An informal dinner will be held on the Thursday evening. The cost of the dinner is **£30**.

To keep the course interactive places are limited. Early application is encouraged.

Please complete and return the application form below:
