

The 3rd

Edinburgh Clinical Research Methodology Course 2013

Course Fee

£150

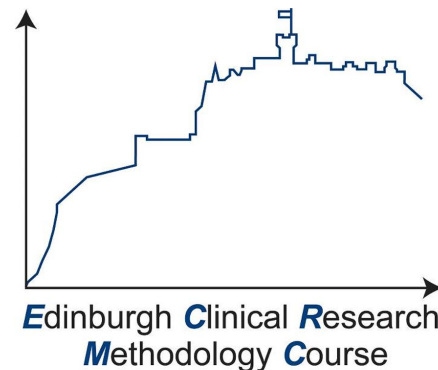

John McIntyre Centre, Edinburgh

21st and 22nd February 2013

Two-day course providing a comprehensive overview of the methods and frameworks currently required to perform cutting-edge clinical research.

The course will consist of interactive lectures and opportunities for delegates to network with distinguished researchers, all of whom are recognised experts in their field. The course is aimed at practitioners at all levels from all disciplines (including medical, allied health professionals, nursing and midwifery staff, and scientists) who have an interest in or are actively engaged in translational research.

Places are limited so we encourage early booking.
