To be confirmed

This meeting will provide an update in core topics in colorectal surgery. The two day course will consist of a series of presentations and discussions covering the management of inflammatory bowel disease, colorectal cancer treatment, training, proctology, pouch surgery and critical care.

The course is designed for Consultant Surgeons and Higher Surgical Trainees with an interest in Colorectal Surgery, as well as Clinical Nurse Specialists working in the field. Viva practice sessions have proven popular with all trainees but are particularly aimed at those preparing for the Intercollegiate Examination.

The course has been approved for 12 CME points

There will be an optional MCQ competition with a prize.
